You can obviously save a lot of money coming to Blackwood once you own your own firearm and once you are confident shooting! However, it can get expensive trying to come and learn on your own, without a set course.

We would like to offer your homeschooler aged 9-18, the opportunity to have 12 hours of instruction in a small group setting of 6 students, over the course of 8 weeks.

Session Schedule

Session Begins First Week of October and runs through the week before Thanksgiving.

Week 1: Thorough Gun Safety and Handling Class, Tour of both ranges.

Week 2-4: Your child will spend three weeks learning how to shoot a shotgun or .22 rimfire and how to hit your target effectively.

Week 5-7: Your child will switch to the other discipline.

Week 8: A skills test will be completed as well as an age appropriate, short written test on gun safety only. They will be reviewed and well prepared. If any student is unable to read effectively, we will give them a verbal test. Certificates and awards will be given out to each student.

Students will be divided by age. The oldest 6 will be the Black Team.

*The youngest 6 will be the Gray Team. **This way all of your children can come at the same time!** They will not be competing as a team, but it will be a way to keep track for the instructors. We will be accepting only 12 students per day, per session. We will host the 8 week course for up to three separate days, depending on the interest.*

We will close this 8 week Session after 36 students have enrolled.
